

Stretching Table

pfm Stretching Table 1100

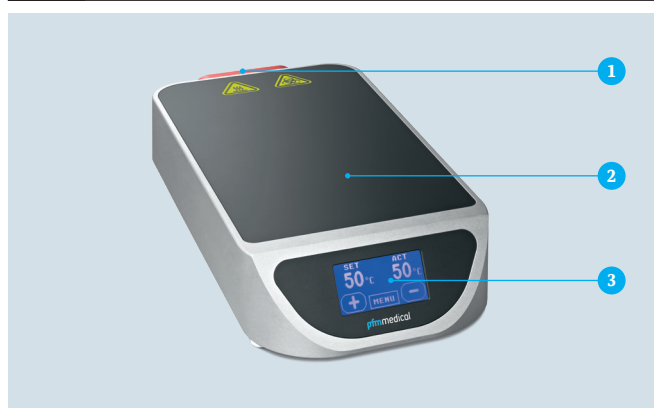

The pfm Stretching Table 1100 is a heated table for stretching and drying paraffin sections in the histotechnology laboratory. It can be used in routine practice, research and industry.

www.pfmmedical.com

The **pfm Stretching Table 1100** is a heated table for stretching and drying paraffin sections of human and animal tissue specimens in the histological laboratory in the fields of medicine, research and industry. It can be used as a diagnostic aid related to an in-vitro examination within the histopathological process and may only be operated by appropriately trained personnel. The product facilitates the preparation of tissue samples which, after further processing, are diagnosed by a pathologist and provide information on the physiological or pathological condition.

Details

- ▶ Material: anodised aluminium
- ▶ Easy to clean
- ▶ Fast and precise adjustment of the temperature
- ▶ Over-temperature protection device to avoid overheating and damage
- ▶ Clearly-arranged display with digital indication and electronic temperature control (touch screen)
- ▶ Electronic temperature control to an accuracy of $\pm 1\text{ }^{\circ}\text{C}$

Ordering Information

pfm Stretching Table 1100

REF	PU
042000	1 pc.

Benefits

Touchscreen

The functions of the instrument are controlled by a touch screen, which allows easy and convenient operation. The temperature is also adjusted via the touch screen element, to an accuracy of $\pm 1\text{ }^{\circ}\text{C}$.

Safety devices

In addition to the over-temperature protection device, the mains connection is recessed in the housing and protected against splash water with an additional cover.

Simple cleaning and maintenance processes

The housing of the pfm Stretching Table 1100 is made from one aluminium block. The surface is anodised to a light colour and easy to clean. The heating plate too is made entirely of aluminium and is finished in anodised black.

Technical Data

- ▶ **Dimensions overall (W/D/H):** 180 × 386 × 80 mm
- ▶ **Dimensions heating plate (W/D):** 170 × 300 mm
- ▶ **Weight:** 4.0 kg
- ▶ **Heating range:** from the ambient temperature up to $+75\text{ }^{\circ}\text{C}$
- ▶ **Power supply:** 100-240 V AC, 50-60 Hz
- ▶ **Power output:** 100 W
- ▶ **Instrument fuse (primary circuit):** T 6.3 A

Including

- ▶ 1 pfm Stretching Table 1100
- ▶ 1 mains power cable
